

# Integrating Data in a Hybrid Environment

---

**Janani Ravi**

CO-FOUNDER, LOONYCORN

[www.loonycorn.com](http://www.loonycorn.com)

# Overview

**Integrating on-premises data using  
Azure Data Factory**

**Using Power BI for visualization**

Demo

**Moving data from a local database to  
Azure SQL Data Warehouse**

Demo

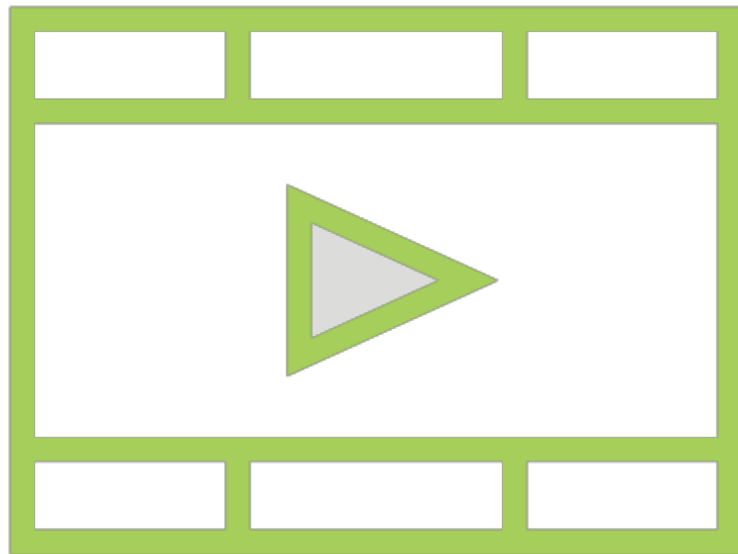

**Using Power BI**

# Summary

**Integrating on-premises data using  
Azure Data Factory**

**Using Power BI for visualization**

# Related Courses

**Representing, Processing, and  
Preparing data**

**Experimental Design for Data  
Analysis**
